

Volunteer - Thank You & New Volunteers Information Night Thursday September 21st - 6 pm

To all our wonderful members and especially our volunteers,

We would like to share our most recent newsletter the [Rowers Reel](#) showcasing our great activities like Trivia@TheRowers, Music@TheRowers, [Art@TheRowers](#) and weekly specials in addition to all the great activities and updates from our members and volunteers. Without volunteers our member-based club would not be as vibrant and as welcoming as it is!

We would like to thank all our current volunteers with a Volunteers evening next Thursday with drinks and nibbles and also invite all those other members who have maybe had the thought that they too would like to contribute or give back to the community.

We have a number of committees that require additional volunteer support including:

Finance- we seek member support from financially literate members who may have some time to assist with us improving and reviewing our financial processes and outcomes

Social- for the fun loving ones- how would you like to see our Club supporting and engaging members ? Do you have time to support some of our regular member events and feel good about making them even better?

Risk and Audit - do you love some good governance? Like to support us to be compliant and find smarter ways to ensure we minimise risk?

Building - are you handy and have a good eye for building and interior design? Our building committee helps us maintain our repairs and maintenance plans and help advise on options to ensure we are smart on who and how we engage professional contractors to do the work!

Members will see a barge arriving to complete some important substructure work for a few weeks from 25th September. Say hello to Paul and the team! We do apologise if it inconveniences anyone's view but it should have minimal if any impact given its under the building.

Mosman Rowers is a Club owned by our members for the broader community. We have worked so hard over the last 5 years to make us the community hub of Mosman Bay! To ensure we build on what we have done, we continue to need member support, so please come to hear about member volunteer opportunities or just support your fellow members!

When: Thursday 21st 6pm at the Club

Trivia with a Twist is at 7pm so maybe make a night of it and stay for drinks and dinner after!

We have reduced member fees, to make it easier for everyone (especially couples and partners to both join!!), it is critical to our compliance and for grants and community support. please renew or join if you haven't yet and better yet bring a friend along and encourage them to join- lets double our membership this year!

We are running great packages for events, big and small, including birthdays, christenings, school class events, end of year parties so make sure to remember your Club when your planning your events!

We do hope you can make it to our Volunteers Night, and be a part of the next part of our beloved Clubs journey!

See you down at the Club soon.

Kathrina
President on behalf of the Board

Please direct all membership queries to membership@mosmanrowers.com.au
